Hi Susan,
No problem at all. I'll be there at 10.

Best,

Marcie

Subject: Watergen

Hello Jay,

I work for WatergenUSA and am currently residing in Cincinnati. Ed Russo gave me your contact information and I am interested in setting up a time when we could meet and you could show me the machines and give me a basic science instruction on each machine. I can't wait to see the AWG's in person!

I really appreciate your time and look forward to learning more about the testing the EPA is providing.

Kind regards,
